

**TECH INDUSTRIAL SERVICES**  
**REVISED 5-19-2011**

**TECH-PLATE** is a registered trademark of  
TECH Industrial Services.

## **APPLICATION DATA**

---

TECH-Plate can be applied either by spray gun or hand brushing. (Base and Top coats)

TECH-Plate reinforcement coats can be applied by brush and or hand trowel. (This is where you will build up your material to the specified Mil thickness).

It is required that all substrates be clean and dry with at least a 4 to 6 Mil white metal blast finish to insure high adhesion strength.

### **SURFACES TECH-Plate CAN BE APPLIED TO**
